# Our Winery

150 Years of Family Tradition in Every Bottle  
Since 1875

*Vinos & Bodegas is a company located in the heart of La Mancha, one of the most emblematic wine-producing regions in Spain. We have more than 800 hectares of our own vineyards, where we combine tradition and technology to craft wines of the highest quality.*

*From the very beginning, we designed our winery with an export-oriented vision, which has allowed us to understand the specific needs of each market and adapt to their demands.*

*Thanks to our experience and production capacity, we offer a wide range of wines tailored to the tastes and preferences of consumers around the world.*

Today, we export more than 100 wine brands to over 70 countries, including China, Korea, Japan, Taiwan, Russia, Poland, Germany, the United States, and Mexico, among many others.

Our storage capacity reaches 20 million liters and 30 million bottles, allowing us to ensure the quality, consistency, and availability of our products throughout the year.

At Vinos & Bodegas, we work with passion for wine, pride in our roots, and a commitment to excellence.

Entry Level

# Castillo De Sarrión

A collection of young, unoaked wines made with temperature controlled fermentation. The reds, a blend of Garnacha and Tempranillo, are smooth and versatile, perfect with white meats, pâtés, and roasted vegetables. The whites, combining Airén and Macabeo, are fresh and ideal for fish, seafood, rice dishes, and salads.

# Organic Jardín Verde

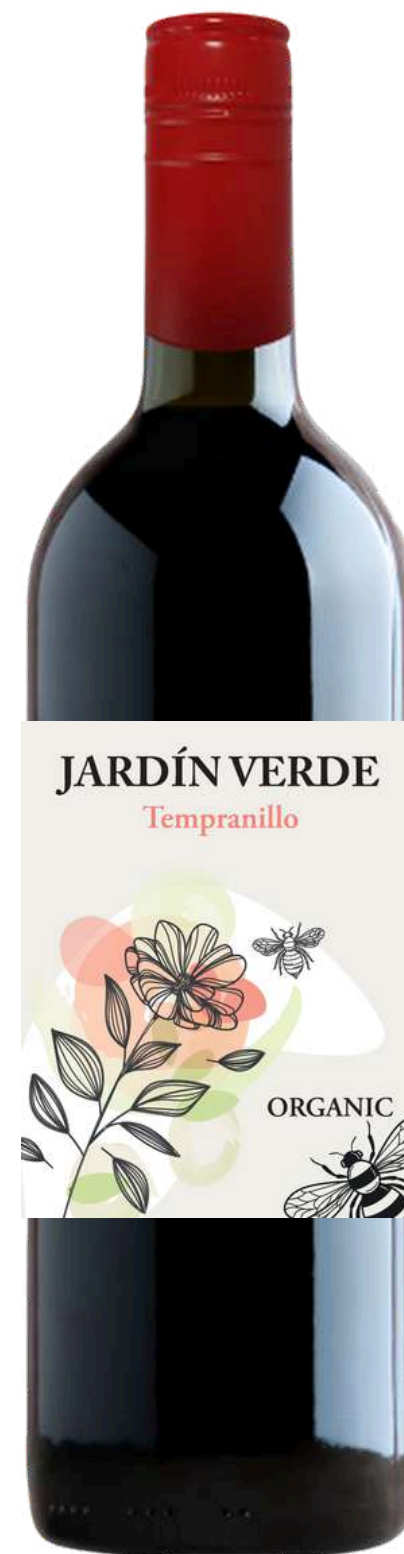

From the heart of Castilla-La Mancha, our Organic Collection brings the soul of the land into every glass.

- *Tempranillo Organic: Deeply expressive, with layers of blackberry, cherry, and a touch of wild herbs. Smooth tannins and a vibrant finish capture the raw energy of the variety.*
- *Airén Organic: Bright and aromatic, showing crisp green apple, citrus zest, and subtle floral hints. Its lively freshness and mineral edge reflect the sunlit vineyards where it thrives.*

Pure, sustainable, and full of character wines that speak boldly of their origins.
